

GMP Warehouse Associate

FLSA Status

Non-exempt

Salary

Starting at \$18/hour based on experience plus twice a year bonuses

Summary

This position requires an individual who can work within a cGMP environment in collaboration with members of the warehouse and cross-functional teams under the direct supervision of the Manufacturing Manager.

Essential Duties and Responsibilities include the following. Other duties may be assigned.

- Maintain clear and traceable records of all physical and system transactions to enable quick identification and management of all material movements.
- Receive incoming shipments of non-GMP/GMP materials and equipment following established procedures.
- Ensure the appropriate documentation is reviewed and matches each item received or shipped.
- Inspect all incoming and outbound materials for damage, proper seals and protection as part of acceptance criteria.
- Assist Quality Assurance in the disposition of materials to include application of status indicators and material movement and storage in the appropriate designated areas of the warehouse to prevent cross-contamination and mix-ups.
- Prepare and dispense GMP materials to support production operations.
- Ensure proper procedures and conditions are followed during the transport and delivery of raw materials, samples and finished products.
- Maintain accurate physical and system (ERP) transactional inventory of GMP warehouse materials.
- Support procurement team and activities as required.
- Perform routine inventory cycle counts.
- Ability to cross-train in all areas of the warehouse operations to include applicable GMP, GDP, EPA, DEA, DOT and OSHA training or certifications.
- Pick, pack, and ship finished product, materials, and equipment as required per established policies and procedures.
- Adhere to all safety procedures and GMP requirements.

- Actively participate in Safety programs, Quality inspections and Warehouse audits.
- Keep the warehouse clean, neat, orderly and inspection ready. Must apply and adhere to Good Housekeeping Practices in a GMP environment.

Required Education and Experience

- Minimum high school diploma or general education degree (GED)
- Experience with inventory management (ERP) and/or (LIMS) software is required
- Prior experience working in a GMP compliant warehouse setting is a requirement
- Must have knowledge of 21 CFR Part 210 and 211 for cGMP operations
- Must have prior experience with donning PPE
- Must be able to work independently as well as collaborate with teams
- Must possess strong verbal, written and oral communication skills
- Must exhibit punctuality and low absenteeism
- Occasionally lift to 50 lbs., routinely lifts to 25 lbs.

Competencies
